Risk factors

The Notes: The Notes are complex instruments that involve substantial risks and are suitable only for sophisticated investors that:

(i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes (including, without limitation, the tax, accounting, credit, legal, regulatory and financial implications for them of such an investment) and the information contained or incorporated by reference in the Base Prospectus or any applicable supplement;

(ii) have considered the suitability of the Notes in light of their own circumstances and financial condition;

(iii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of their particular financial situation, an investment in the Notes and the impact the Notes will have on their overall investment portfolio;

(iv) understand thoroughly the terms of the Notes and are familiar with the behaviour of any relevant indices and financial markets;

(v) understand that any Reference Rate associated or used in connection with the Notes (as relevant) may change, cease to be published or be in customary market usage, become unavailable, have its use restricted or become calculated by a different methodology, and that, as a result (a) such Reference Rate may cease to be appropriate during the lifetime of the Notes and (b) amendments may be required to the Notes to account for the change or cessation of such Reference Rate; and

(vi) are able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect their investment and their ability to bear the applicable risks.

Owing to the structured nature of the Notes, their price may be more volatile than that of non-structured securities.

Investors: Each prospective investor in the Notes should have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where principal and interest may reduce as a result of the occurrence of different events whether related to the creditworthiness of any entity or otherwise or changes in particular rates, prices, values or indices, or where the currency for principal or interest payments is different from the prospective investor's currency.

Investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should therefore consult its professional advisers to determine whether and to what extent (i) the Notes are a legal investment for it and/or (ii) other restrictions apply to its purchase of any Notes. Financial institutions should consult their professional advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

Each prospective investor should consult its own tax advisers in order to understand fully the tax implications specific to an investment in the Notes.

Any losses on the Notes will be borne solely by investors in the Notes and not by Citigroup Global Markets Limited or its affiliates; therefore, Citigroup Global Markets Limited's losses in respect of the proposed transaction will be limited to losses attributable to the Swap Transaction entered into by Citigroup Global Markets Limited and any affiliate in its capacity as Swap Counterparty to the Issuer. Investors should read the offering documents for the Notes before investing in the Notes. Each investor is purchasing the Notes to facilitate its desired investment strategy and requested exposure delivered by the Notes. Ownership interests in the Issuer are not insured by the Federal Deposit Insurance Corporation (FDIC), and are not deposits, obligations of, or endorsed or guaranteed in any way, by Citigroup Global Markets Limited , its subsidiaries or affiliates or any banking entity.

No fiduciary role: None of the Issuer, the Dealer or any of the other Transaction Parties or any of their respective affiliates is acting as an investment adviser or as an adviser in any other capacity, and none of them (other than the Trustee to the extent set out in the Trust Deed) assumes any fiduciary obligation to any purchaser of the Notes or any other party, including the Issuer.

None of the Issuer, the Dealer or any of the other Transaction Parties assumes any responsibility for (i) conducting or failing to conduct any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of any issuer or obligor of any Collateral or the terms thereof or of any Swap Counterparty or Swap Guarantor or the terms of the relevant Swap Agreement, of any Repo Counterparty or the terms of the relevant Repo Agreement or of any SL Counterparty or the terms of the relevant SL Agreement or (ii) monitoring any such issuer or obligor of any Collateral, any Swap Counterparty or any Swap Guarantor, any Repo Counterparty or any SL Counterparty during the term of the Notes.

Investors may not rely on the views of the Issuer, the Dealer or any of the other Transaction Parties for any information in relation to any person.

No reliance: A prospective purchaser may not rely on the Issuer, the Dealer or any of the other Transaction Parties or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to any of the other matters referred to above.

Disclaimer and additional notes

SPIRE Directors: By purchasing the Notes, the noteholder will thereby (i) ratify the selection of each member of the board of directors of SPIRE, as identified in the Base Prospectus or the final documentation and (ii) confirm that such ratification is being made without selection or control by the Dealer or any of its affiliates.

Fee disclosure: The purchaser or, if applicable, introducing broker of the Notes acknowledges and agrees that it shall fully disclose to its clients the existence, nature and amount of any commission or fee paid or payable to it by the Dealer (including, if applicable, by way of discount) as required in accordance with laws and regulations applicable to it, including any legislation, regulation and/or rule implementing the Markets in Financial Instruments Directive (2014/65/EU), or as otherwise may apply in any non-EEA jurisdictions.

No distribution: This material is specific to the recipient and must not be distributed to any other person or replicated in any form without the prior written consent of the Dealer.

Disclaimer: No Programme Dealer shall be responsible for the actions or omissions of, any statements made by, or written communications of, any other Programme Dealer or any person acting on behalf of such Programme Dealer. Each Programme Dealer shall only be liable with respect to a series of notes for which it was the arranging dealer or for which it has become the replacement swap counterparty.

Selling restrictions: The Notes referred to in this termsheet may not:

(vii) be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor (and, for the avoidance of doubt, this means any retail investor within or outside (i) the European Economic Area (the "**EEA**") or (ii) the United Kingdom (the "**UK**")). For these purposes, a retail investor means any person who is one (or more) of the following:

(a) a "retail client" as defined in point (11) of Article 4(1) of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended, "**MiFID II**") or a "retail client" as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**");

(b) a customer within the meaning of Directive (EU) 2016/97 (as amended) or within the meaning of the provisions of the Financial Services and Markets Act 2000 ("**FSMA**") and any rules or regulations made under FSMA to implement Directive (EU) 2016/97, in each case, where that customer would not qualify as a professional client as defined in, respectively, point (10) of Article 4(1) of MiFID II and point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or

(c) not a qualified investor as defined in Regulation (EU) 2017/1129 (the "**Prospectus Regulation**") or the Prospectus Regulation as it forms part of domestic law by virtue of the EUWA (the "**UK Prospectus Regulation**").

For these purposes, the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") or the PRIIPs Regulation as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPS Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA or the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or the UK may be unlawful under the PRIIPS Regulation or the UK PRIIPs Regulation.

(viii) at any time be offered, sold or delivered within the United States or to, or for the account or benefit of, any person who is (a) a U.S. person (as defined in Regulation S under the United States Securities Act of 1933), (b) a U.S. person (as defined in the credit risk retention rules issued under Section 15G of the U.S. Securities Exchange Act of 1934) or (c) not a Non-United States person (as defined in Rule 4.7 under the U.S. Commodity Exchange

Act of 1936, but excluding for the purposes of subsection (D) thereof, the exception to the extent that it would apply to persons who are not Non-United States persons).

At Citi, building a sustainable future is our business. We work closely with our clients, peer financial institutions, NGOs and other partners to finance solutions to climate change, develop industry standards, reduce our own environmental footprint, and engage with stakeholders to advance shared learning and solutions. Building on more than 20 years of sustainability leadership, Citi has announced a commitment to net zero greenhouse gas emissions by 2050. Our Sustainable Progress Strategy is driven by our commitment to advance solutions that address climate change around the world in support of the transition to a low-carbon economy and focuses on three key pillars: Low-Carbon Transition, Climate Risk, and Sustainable Operations. Citi has committed to $1 trillion in sustainable finance by 2030, which aligns with the agenda of the United Nations' Sustainable Development Goals (SDGs) and builds on the work we outlined in our strategy. This includes extending our current $250 Billion Environmental Finance Goal by 2025 to $500 billion by 2030 and an additional $500 billion in support of the SDGs outside of environmental finance. Our $1 trillion commitment to sustainable finance helps ensure we are accelerating the transition to a sustainable, low-carbon economy that balances the environmental, social, and economic needs of society.
