Risk factors

The Notes: The Notes are complex instruments that involve substantial risks and are suitable only for sophisticated investors that:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes (including, without limitation, the tax, accounting, credit, legal, regulatory and financial implications for them of such an investment) and the information contained or incorporated by reference in the Base Prospectus or any applicable supplement;
- (ii) have considered the suitability of the Notes in light of their own circumstances and financial condition;
- (iii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of their particular financial situation, an investment in the Notes and the impact the Notes will have on their overall investment portfolio;
- (iv) understand thoroughly the terms of the Notes and are familiar with the behaviour of any relevant indices and financial markets; and
- (v) are able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect their investment and their ability to bear the applicable risks.

Owing to the structured nature of the Notes, their price may be more volatile than that of non-structured securities.

Investors: Each prospective investor in the Notes should have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where principal and interest may reduce as a result of the occurrence of different events whether related to the creditworthiness of any entity or otherwise or changes in particular rates, prices, values or indices, or where the currency for principal or interest payments is different from the prospective investor's currency.

Investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should therefore consult its professional advisers to determine whether and to what extent (i) the Notes are a legal investment for it and/or (ii) other restrictions apply to its purchase of any Notes. Financial institutions should consult their professional advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

Each prospective investor should consult its own tax advisers in order to understand fully the tax implications specific to an investment in the Notes.

No fiduciary role: None of the Issuer, the Dealer or any of the other Transaction Parties or any of their respective affiliates is acting as an investment adviser or as an adviser in any other capacity, and none of them (other than the Trustee to the extent set out in the Trust Deed) assumes any fiduciary obligation to any purchaser of the Notes or any other party, including the Issuer.

None of the Issuer, the Dealer or any of the other Transaction Parties assumes any responsibility for (i) conducting or failing to conduct any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of any issuer or obligor of any Collateral or the terms thereof or of any Swap Counterparty or Swap Guarantor or the terms of the relevant Swap Agreement, of any Repo Counterparty or the terms of the relevant Repo Agreement or of any SL Counterparty or the terms of the relevant SL

Agreement or (ii) monitoring any such issuer or obligor of any Collateral, any Swap Counterparty or any Swap Guarantor, any Repo Counterparty or any SL_Counterparty during the term of the Notes.

Investors may not rely on the views of the Issuer, the Dealer or any of the other Transaction Parties for any information in relation to any person.

No reliance: A prospective purchaser may not rely on the Issuer, the Dealer or any of the other Transaction Parties or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to any of the other matters referred to above.

Disclaimer and additional notes

SPIRE Directors: By purchasing the Notes, the noteholder will thereby (i) ratify the selection of each member of the board of directors of SPIRE, as identified in the Base Prospectus or the final documentation and (ii) confirm that such ratification is being made without selection or control by the Dealer or any of its affiliates.

Fee disclosure: The purchaser or, if applicable, introducing broker of the Notes acknowledges and agrees that it shall fully disclose to its clients the existence, nature and amount of any commission or fee paid or payable to it by the Dealer (including, if applicable, by way of discount) as required in accordance with laws and regulations applicable to it, including any legislation, regulation and/or rule implementing the Markets in Financial Instruments Directive (2014/65/EU), or as otherwise may apply in any non-EEA jurisdictions.

No distribution: This material is specific to the recipient and must not be distributed to any other person or replicated in any form without the prior written consent of the Dealer.

Disclaimer: No Programme Dealer shall be responsible for the actions or omissions of, any statements made by, or written communications of, any other Programme Dealer or any person acting on behalf of such Programme Dealer. Each Programme Dealer shall only be liable with respect to a series of notes for which it was the arranging dealer or for which it has become the replacement swap counterparty.

The Notes are only suitable for sophisticated investors. Prospective investors will be required to acknowledge or will have been deemed to have acknowledged that they understand the risks and potential consequences associated with purchases of the Notes and that they have made such independent appraisal of the issuer and its economic circumstances as they think appropriate, and have consulted with their own legal, investment, accounting and tax advisors to the extent they believe is appropriate to assist them in understanding and evaluating the risks involved and the consequences of purchasing the Notes.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), or the securities laws of any state in the United States, and are subject to U.S. tax requirements. The Notes may not be offered, sold or delivered at any time, directly or indirectly, within the United States (which term includes the territories, the possessions and all other areas subject to the jurisdiction of the United States of America) or to or for the account or benefit of a 'U.S. Person' (as defined in Regulation S under the Securities Act or the United States Internal Revenue Code of 1986, as amended) to any person who falls outside the definition of 'Non-United States Person' (as defined in rule 4.7(a)(1)(iv) of the rules of the Commodity Futures Trading Commission) or to any "U.S. Person" within the meaning of the final rules promulgated under Section 15G of the Securities Exchange Act of 1940, as amended. In purchasing the Notes, you hereby represent and warrant (1) that you are neither located in the United States, (2) that you are not a U.S. Person or a person who falls outside the definition of a Non-United States Person, and (3) that you are not purchasing for, or for the account or benefit of, any such person.

The Notes are not rated.

Morgan Stanley & Co. International plc may sell the Notes in individually negotiated transactions at prices other than the initial issue price set out below. In addition, an upfront fee may be payable by the Dealer or a discount applied to the re-offer price.

The securities may not be offered, sold, transferred or delivered without compliance with all applicable securities laws and regulations. This term sheet has been prepared solely for information purposes and is not an offer (or a solicitation of an offer) to buy or sell the securities. No representation or warranty is given with respect to the accuracy or completeness of the information contained in this term sheet. Morgan Stanley & Co. International plc ("**MSIP**") and its affiliates disclaim any and all liability relating to this term sheet, including without limitation

any express or implied representations or warranties for, statements contained in, and omissions from, this term sheet. Additional information is available upon request. MSIP (and any of its affiliates) may make markets, have positions, and effect transactions in securities and securities of issuers mentioned herein and may also provide advice to such issuers. We may use information provided by you to facilitate the execution of your order, in managing our market making, other client facilitation activities or otherwise in carrying out our legitimate business (which may include, but is not limited to, hedging a risk or otherwise limiting the risks to which we are exposed). Where we commit our capital in relation to either ongoing management of inventories used to facilitate clients, or in relation to providing you with quotes we may make use of that information to enter into transactions that subsequently enable us to facilitate clients on terms that are competitive in the prevailing market conditions. Past performance is not necessarily indicative of future results. Price and availability of the securities are subject to change without notice. MSIP does not give investment, tax, accounting, legal or regulatory advice and prospective investors should consult with their professional advisors. This memorandum is not a product of Morgan Stanley's Research Department and you should not regard it as a research report or recommendation. Unless stated otherwise, the material contained herein has not been based on a consideration of any individual client circumstances and as such should not be considered as a personal recommendation. This communication is directed to sophisticated prospective investors in order to assist them in determining whether they have an interest in the securities described herein.

This communication is directed in the UK to those persons who are eligible counterparties or professional clients and must not be acted on or relied upon by retail clients (each as defined in the UK Financial Services Authority's rules).

Additional information is available upon request.

Selling restrictions: The Notes referred to in this termsheet may not:

- (i) be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor (and, for the avoidance of doubt, this means any retail investor within or outside (i) the European Economic Area (the “**EEA**”) or (ii) the United Kingdom (the “**UK**”)). For these purposes, a retail investor means any person who is one (or more) of the following:
 - (a) a “retail client” as defined in point (11) of Article 4(1) of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended, “**MiFID II**”) or a “retail client” as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of “retained EU law”, as defined in the European Union (Withdrawal) Act 2018 (“**EUWA**”);
 - (b) a customer within the meaning of Directive (EU) 2016/97 (as amended) or within the meaning of the provisions of the Financial Services and Markets Act 2000 (“**FSMA**”) and any rules or regulations made under FSMA to implement Directive (EU) 2016/97, in each case, where that customer would not qualify as a professional client as defined in, respectively, point (10) of Article 4(1) of MiFID II and point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of “retained EU law”, as defined in the EUWA; or
 - (c) not a qualified investor as defined in Regulation (EU) 2017/1129 (the “**Prospectus Regulation**”) or the Prospectus Regulation as it forms part of “retained EU law”, as defined in the EUWA (the “**UK Prospectus Regulation**”).

For these purposes, the expression “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

Consequently no key information document required by Regulation (EU) No 1286/2014 (the “**PRIIPs Regulation**”) or the PRIIPs Regulation as it forms part of “retained EU law”, as defined in the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or the UK may be unlawful under the PRIIPs Regulation or the UK PRIIPs Regulation.

- (ii) at any time be offered, sold or delivered within the United States or to, or for the account or benefit of, any person who is (a) a U.S. person (as defined in Regulation S under the United States Securities Act of 1933), (b) a U.S. person (as defined in the credit risk retention regulations issued under Section 15G of the U.S. Securities Exchange Act of 1934) or (c) not a Non-United States person (as defined in Rule 4.7 under the U.S. Commodity Exchange Act of 1936, but excluding for the purposes of subsection (D) thereof, the exception to the extent that it would apply to persons who are not Non-United States persons).
- (iii) be offered or sold in any jurisdiction except to persons whose investment activities involve them in acquiring, holding, managing or disposing (as principal or agent) of investments of a nature similar to the Notes and who are particularly knowledgeable in investment matters.
- (iv) be the subject of a public offering of the Notes, and the noteholder must not be in possession or distribution of any offering material in relation thereto in any jurisdiction where action for that purpose is required unless the relevant action has been taken.
